## VDP Wine Auction Kloster Eberbach on March 11, 2023

Hallgarten, February 2023

Dear customers,

at the upcoming traditional VDP wine auction at Kloster Eberbach we will participate with three wines.

The following will be offered under the serial numbers 21 and 22

240 bottles 0,75 l and 24 Magnum      2020  
VDP.AUKTION.RESERVE  
Riesling trocken „Le Cœur“  
à € 15,00 resp. € 30,00

Riesling trocken „Le Cœur“ VDP.AUKTION.RESERVE: The wine comes from old vines from the heart (Le Cœur) of the Jungfer and is grown on quartzite soil. The grapes were crushed in the traditional way with the feet. After standing for about 24 hours, they were pressed and fermented spontaneously with the vineyard yeasts. After fermentation, the wine was allowed to mature on the lees for a longer time and therefore still shows a little closed.

And as a very special rarity under numbers 23 and 24

15 Magnum and 1 Methusalem (6,0 l)      2021  
MARCOBRUNN  
Riesling trocken  
VDP.Grosses Gewächs  
à € 100,00 resp. € 400,00

which will only be available at the auction. The delivery of these bottles will take place on September 1, 2023 due to the VDP Rheingau regulations.

We are very happy that since 2021 we are allowed cultivating a vineyard in this legendary location. And our first vintage has already convinced not only us.

Vinum Weinguide Deutschland 2023: „[...] Ein sublim-tiefer Wein mit einem tollen Lagenausdruck. Das ist Terroir! [...]“ 96 Points

JamesSuckling.com: „2021 MARCOBRUNN Riesling GG „Pump up the volume! Intense flint and wet-earth aromas pour from the glass of this muscular, compact and highly structured dry riesling. Enough power to keep it rolling for decades! Then, with some aeration, tart apricot and mango fruit emerges, giving this dark lord surprising charm. Gigantic, earthy depth at the extremely long finish. Limited production. From organically grown grapes.“ rated 98 points, number 14 on Top100Wines Germany 2022.

And with the serial numbers 35 and 36

240 bottles 0,75 l and 18 Magnum      2021  
JUNGFER  
Riesling Kabinett Goldkapsel  
à € 16,00 bzw. € 32,00

JUNGFER Riesling Kabinett Goldkapsel (Gold Cap): This wine comes from old vines from the original part of the Jungfer site. The soils are characterized by a significant content of quartzite, which gives the wines a high minerality, finesse and longevity.

The Vinum Weinguide Deutschland 2023 has once again highlighted our Kabinett wines: [...] die Kabinettweine des Hauses stoßen in eine neue Dimension vor. Und der Goldkapsel Kabinett aus der Jungfer, der ein Markenzeichen des Hauses ist, war noch nie so gut.“ rated 93 points

And on JamesSuckling.com, the 2021 vintage rated 98 points and is thus one of the highest-rated Kabinett wines in Germany: „A truly breathtaking riesling Kabinett with a beautiful nose of perfectly ripe peach. Diamond-bright on the tremendously focused palate, which has amazing concentration for this category. So filigree and dynamic at the extremely long and clean finish. Very limited production. From organically grown grapes.“

Usually, wines are offered at the VDP wine auctions that are not available for free sale and whose exclusivity is indicated by a special seal on each bottle.

The participating commission agents will gladly take on your order. They make sure that if you are interested, you do not have to take over a completely offered quantity, but only the number of bottles that cover your needs. We will gladly establish contact for you or pass on your wishes.

Be a part of the Auction and try to get these special wines!

With best regards from the Rheingau region

Fred Prinz
